Spotlight presented by Tanoto Library

People styles at work... and beyond:
making bad relationships good and
good relationships better

By Robert Bolton and
Dorothy Grover Bolton

Doriot and Tanoto Libraries
HD6950 .B65 2009

Why is it so hard to work well with some people? "People styles at work... and beyond" presents a comprehensive, practical, and proven method readers can use to:

- recognize how they come across to other coworkers
- read others' body language and behavior to identify the best ways to work with them
- make small adjustments that will dramatically increase the quality and productivity of their interactions
- find common ground with different people while retaining their individuality

The book reveals the strengths and weaknesses of different people styles, providing practical techniques that work both on the job and off. Now including all new material on personal relationships, parenting, and more, this is the ultimate guide anyone can use to enhance even the most difficult relationships.
