INSEAD has been selected by the CFA Institute as an ‘Approved Provider’ of Continuing Education programmes in recognition of its reputation as a leading international business school and the depth and breadth of its finance portfolio.

The CFA Institute is a global, non-profit organisation of investment professionals from over 100 countries worldwide. Its aim is to lead the investment profession globally by promoting the highest standards of ethics, education and professional excellence.

The CFA Institute’s ‘Approved Provider’ Programme is open to a limited number of partners. It offers CFA members access to high-quality and relevant educational opportunities with globally diverse, select educational providers that uphold the CFA’s rigorous standards. All of INSEAD’s finance programmes have been recognised and attendance on an INSEAD CFA ‘Approved Provider’ Programme leads to a designated amount of approved credits towards Continuing Education.

Eligible programmes

Finance for Executives
The Finance for Executives programme provides participants with a comprehensive introduction to accounting and financial analysis. It aims to give executives who are not financial specialists an understanding of the financial consequences of strategic decisions and equip them with tools to integrate the financial approach into their decision-making.

Participant profile
The Finance for Executives programme is designed for non-financial executives, including general managers, senior functional managers outside finance and corporate customer-relations officers in financial service organisations who require a better understanding of the financial impact of business decisions.

Length and Locations: 8 days in Fontainebleau or 7 days in Singapore

CFA Qualified Activity
As a participant in the CFA Institute Approved-Provider Programme, INSEAD has determined that this programme qualifies for 40 credit hours.
Advanced International Corporate Finance
The Advanced International Corporate Finance programme will help executives develop a strategic understanding of key financial decisions faced by organisations today by putting them into an international context.

Participant profile
The Advanced International Corporate Finance programme is designed for executives and board members who want to sharpen their finance knowledge in an international context.

Length and Location: 5 days in Fontainebleau

CFA Qualified Activity
As a participant in the CFA Institute Approved-Provider Programme, INSEAD has determined that this programme qualifies for 39 credit hours.

Advanced Asset Management
The Advanced Asset Management programme will help executives provide better performance for their clients by giving them an in-depth understanding of the major trends and issues in asset management today. Participants will be taken through detailed techniques of asset management and portfolio selection.

Participant profile
The Advanced Asset Management is designed for experienced investment managers with decision-making responsibilities.

Length and Location: 5 days in Singapore
Next session: 5–9 September 2016

CFA Qualified Activity
As a participant in the CFA Institute Approved-Provider Programme, INSEAD has determined that this programme qualifies for 40 credit hours.

Strategic Management in Banking
The Strategic Management in Banking programme addresses the needs of senior bankers, including board members, who want to re-assess the future of banking and strategy in the context of a fast changing environment.

Participant profile
The Strategic Management in Banking programme is designed specifically for senior bankers, including board members, responsible for retail, corporate, capital markets and international banking.

Length and Location: 9 days in Fontainebleau
Next session: 1–11 March 2016

CFA Qualified Activity
As a participant in the CFA Institute Approved-Provider Programme, INSEAD has determined that this programme qualifies for 40 credit hours.

Risk Management in Banking
The Risk Management in Banking programme gives participants a broad overview of risk governance. Executives will benefit from the inclusive, non-technical approach, and feel comfortable learning within an environment more similar to that of a professional workshop, than a classroom.

Participant profile
The Risk Management in Banking programme is aimed at giving a holistic view of risk control in financial services firms. The target audience is senior bank executives or board members concerned with risk governance and their overall management, and senior bankers in various functional areas who need to inform themselves about the process of risk control.

Length and Location: 5 days in Fontainebleau
Next session: 5–9 October 2015, 3–7 October 2016

CFA Qualified Activity
As a participant in the CFA Institute Approved-Provider Programme, INSEAD has determined that this programme qualifies for 36 credit hours.
