The Campaign for INSEAD-A Force for Good
The Campaign for INSEAD was launched in September 2013 with the goal of raising €200 million to help the school tackle world-scale problems, forge ground-breaking research and reimagine the future of business. With the transformational gift to create the INSEAD Hoffmann Global Institute for Business & Society in 2018, the campaign goal was increased to €250 million.
As of July 2022, the school has exceeded the goals and raised €283 million, with 47% participation from alumni, reflecting a strong culture of philanthropy. These resources have been channelled to multiple areas of impact across the school, including chairs and research (€147 million), scholarships (€48 million) and facilities (€48 million), while the school’s endowment has doubled to €352 million.
