Jason Davis

INSEAD
Professor

Jason Davis is an Associate Professor of Entrepreneurship and Family Enterprise at INSEAD where he teaches courses in the strategic management of innovation and entrepreneurship. Jason's research focuses on how organizations develop technological innovations and use them to compete in dynamic markets using detailed field studies of innovative alliance relationships in the computer industry and entrepreneurial innovation on mobile application platforms. Recently, he was selected as the recipient of the Academy of Management's Technology Innovation Management Emerging Scholar Award.

Session

Collaborative Innovation Across Boundaries
