We represent 700 member firms and 500 affiliate members.

The EVCA shapes the future direction of the industry, while promoting it to stakeholders such as entrepreneurs, business owners and employee representatives. We explain private equity to the public and help shape public policy, so that our members can conduct their business effectively. The EVCA is the guardian of the industry's professional standards, demanding accountability, good governance and transparency from our members and spreading best practice through our training courses.
