Executive Assessment

The Executive Assessment measures business skills and program readiness.

During the assessment, you will be evaluated on higher-order reasoning in three areas: Integrated Reasoning, Verbal Reasoning, and Quantitative Reasoning. The scale for each section of the assessment is 0 to 20. The total scale ranges from 100 to 200, and all three sections are equally weighted in determining your total.

You will use English language and math skills to demonstrate your knowledge, and you will have 90 minutes to complete the assessment.

Section	Questions	Question Types	What it measures	Timing
Integrated Reasoning	12	• Multi-Source Reasoning • Graphics Intepretation • Two-part Analysis • Table Analysis	The ability to evaluate information presented in multiple formats from multiple sources. These skills are necessary to succeed in our data-driven world.	30 min
Verbal	14	• Reading Comprehension • Critical Reasoning • Sentence Correction	The ability to evaluate arguments and to read, understand, and edit written material using standard English.	30 min
Quantitative	14	• Data Sufficiency • Problem Solving	The ability to analyze data and draw conclusions using reasoning skills. The math skills required for this section are at a secondary school level.	30 min
Total Exam time				90 min
