The graphic features the INSEAD logo in the top right corner. Below the text, there is a stylized illustration of four people (two men and two women) standing in a line, each holding a laptop. Above them is a network diagram consisting of several circular nodes connected by lines, representing a professional network. The background is a gradient of yellow and green.

Careers events & webinars

Career Development for Working Professionals co-organises with Alumni Relations various career-focused events at alumni reunions.

Since 2012, we have also co-organised a series of webinars including:

- Daniel Porot (MBA'66) on radical career change
- Dave Evans on designing your career
- Steve Dalton on networking your way to interviews

Details of forthcoming career-themed webinars are announced at insead.edu/alumni/lifelong-learning.

Alumni experience videos

To give alumni and students an insight into the different career paths available to INSEAD graduates, we have developed a series of videos where faculty and alumni share their experiences of:

- Working for organisations like Google, Goldman Sachs or the United Nations
- Understanding careers in a variety of sectors, such as tech, consulting and more!
- Leveraging the power of networking, collaborating with headhunters, achieving career change, and securing board roles

Visit youtube.com/user/INSEADofficial and browse through the Alumni Experience playlist.

Networking (in person)

INSEAD's National Alumni Associations organise 900+ events each year.

Generations of INSEAD alumni have found that attending both national and global events is a fantastic way of creating powerful connections:

- Local events (organised by National Alumni Associations) at my.insead.edu
- Global events organised by INSEAD at insead.edu/events

Most importantly – apart from the pleasure of seeing old friends – alumni in transition should make a particular effort to attend their 5-yearly reunions.
